I am a software engineering student passionate about high-quality web and mobile development, And expertise in User Experience and User Interface design who is a fast learner and open-minded to learning new knowledge and self-development.

Work Experiences

WEDO – SCG Cement-Building Materials   **Jun 2022 – Present**

Digital Technology Trainee - Part Time

- Research and Development about Electric Vehicle Infrastructure in Condominiums and Certified Safety Standards for "meplug" stations. Pitched on Teachsauce Global Summit 2022 Tech Showcase Stage , HR Tech 2022 Sustainability Expo 2022 and SCG : The Next Chapter.

Young Talent Program 2022 - Intern

- Developed a electricity service for ev users in condominiums that everyone allow to using portable charger with smart outlet, Implemented IoT device with cloud and Desig Web Admin and Mobile Interfaces. used Cloud Firestore and ESP32.

Google Developer Student Clubs – Thammasat University   **Nov 2021 – Present**

GDSC Lead - Volunteer

- I was selected to lead GDSC by Google. learning google technologies and organizing a hands-on workshop called "GDSC First Meet 2022" to plan technologies events of the year with a core team.
- I organized a hands-on workshop called "Basic Figma for UX/UI 2022" which was online via Facebook.

Thammasat University   **Aug 2021 – Dec 2022**

Full Stack Developer - Mypark Project

- Developed an admin dashboard for Partking System in Thammasat University , Implemented feature dash board Authentication and Backend API for Mobile Application and Web Application.
- Technologies used React, React Native , Express.js , JWT , MongDB , Firebase and GoogleMaps API.

Skills

Languages : English - Intermediate , Thai - Native.

Project Management : Efficiently prioritize and manage tasks in software projects with teams.

Questioning : Sensitively elicited information from users to determine barriers and blockages to achieving goals.

Technical Capabilities

Programming Languges : Python , Java , Go , Javascript/Typscript , HTML , CSS , PHP and C/C++

Frameworks/Libraries : React/React Native , Redux , Next.js and Express.js

Databases and Others : Mysql , MongoDB , Firestore , Ubuntu and Docker

Education

Thammasat University Campus Rangsit   **Aug 2020 – Present**

Bachelor Degree of Engineer in Software Engineering
